

Amaury Rabouan

DATA SCIENTIST | MACHINE LEARNING ENGINEER

[LinkedIn](#) amauryrabouan

[GitHub](#) @AmauryRabouan

Passionate about data and how it can be leveraged to solve complex problems,
I am looking for challenging projects in the field of data science.

📍 Paris, France

📅 24 years old

🚗 Driving license

LANGUAGES

French

Native speaker

English

Professional working proficiency

Chinese

Basic Traditional Mandarin
6-month immersion in Taiwan

STRENGTHS

Flexible Determined

Innovative Sociable

Team player

SKILLS

Artificial Intelligence

Keras, TensorFlow, Scikit-Learn,
NumPy, Pandas, OpenCV,
PyTorch, Hugging Face

Programming

Python, C, C++, Java, JS, HTML,
CSS, PHP, R, Bash, D3.js, SQL

OS & Software

Windows, Linux, Git, Unity, Office,
Trello, Tableau, Docker, Jira, AI-
assisted programming

INTERESTS

Sports

Basketball, Badminton, Running

Video Games

Strategy, English and teamwork

Travel

Asia, Europe

CERTIFICATIONS

- Data Visualization Certification
- Machine Learning with Python Certification

FIRST AID

- PSC1: Civilian first aid certificate
- SC1: Combat casualty care - 11th Marine Artillery Regiment

EXPERIENCE

Since Aug. 2024

Data Scientist - Licenses Compliance

Dassault Systèmes, Vélizy-Villacoublay, France

Investigation and detection of software license fraud. Process automation through Machine Learning and LLM algorithms. Large-scale data analysis, data mining. Building dashboards to track KPIs and visualize results. Management.

Feb. - Aug. 2024

R&D Engineering Intern - Transforming Operations with AI

Dassault Systèmes, Vélizy-Villacoublay, France

Identification of low-added-value coding tasks and their automation through AI and NLP. Built a chatbot, pre-trained and fine-tuned models, applied RAG.

Apr. - Sept. 2023

Synthetic Data Intern

Sibylone, Paris, France

R&D on synthetic data generation, machine learning model design, time series forecasting, multi-label classification, interactive visualization.

July 2020 - Aug. 2025

Military Reservist

11th Marine Artillery Regiment, Saint-Aubin-du-Cormier, France

National territory defense missions and training. Commando course: pushing personal limits, team spirit.

Sept. 2019 - June 2020

Robotics Discovery Workshop Leader

ESIEA & CLEP

Robotics discovery workshop for children aged 8 to 15.

EDUCATION & TRAINING

Sept. 2019 - Aug. 2024

MEng in Computer Science

ESIEA, Laval, France

Major in Artificial Intelligence and Data Science - numerous hands-on technical projects.

Aug. 2021 - Jan. 2022

Master 1 Computer Science

Tamkang University, Taiwan

Artificial Intelligence, Swarm Intelligence, Image Processing, AWS Cloud Computing, Research.

Sept. 2016 - June 2019

French Scientific Baccalaureate - Engineering Sciences

Lycée Livet, Nantes, France

EXTRACURRICULAR ACTIVITIES

Head of the Student Union and Sports Office ESIEA

Event creation (1000+ attendees), sponsor prospecting, communication, teamwork, project management.
